RE: Mr. Roger Warner and RWC, LLC Construction

To Whom It May Concern,

I am writing to recommend Roger Warner and his company RWC, LLC Construction. My husband and I have had the pleasure of working directly with Mr. Warner on a number of projects in the past. He remolded our house in Ritzville, WA, built our new home in Kendrick, Idaho, and most recently, on construction of our shop in Kendrick, Idaho.

Mr. Warner has the uncanny ability to put down on paper ideas that happened in my mind. I simply would tell him my idea and miraculously, the vision in my head came to life. When in the planning stage for our new home, I simply drew on a piece of paper the floor plan that I was envisioning, and Mr. Warner took it and built our beautiful house. When someone comes to our home, they always ask who designed it and who was the contractor. It truly is a work of art.

RWC, LLC Construction has constantly exhibited an exceptional level of skill, professionalism and attention to detail. It is the policy of this company to strive for the highest standards in carpentry and effectively meet project schedules and budget. He and his crew have been able to quickly adapt to schedule changes and are exceptionally accommodating when dealing with unforeseen conditions and potential change orders and kept the project on time and aligned with the overall project schedule. RWC, LLC Construction's ability to manage the construction projects from inception to completion in a form of art in itself. In addition, Mr. Warner and his company RWC, LLC Construction is a family business that is honest and reliable.

Please consider Mr. Warner and his company RWC, LLC Construction, for a loan from your institution. It will be an investment truly worth your support.

Respectfully,
